

**The NJIT Center for Pre-College Programs,
Physics Department and College of Science and
Liberal Arts present:**

**How
to Study
Physics**

***A Hands-On Workshop
for High School Physics & Math
Teachers,
Curriculum and STEM
Specialists***

Led by:

Professor Gordon Thomas, NJIT Physics Department
NJIT Excellence in Teaching Awardee, Teacher of Freshmen Physics

Active Learning

How hands-on, interactive labs can strengthen your students' readiness for college physics • What they need to know to be successful • Aligned to NJ Student Learning Standards in Science and Mathematics

Great Ideas

Use simple, inexpensive techniques • Deepen understanding • Correct common misunderstandings

Thursday, February 7, 2019, 9 am–2:30 pm

NJIT Campus, University Heights, Newark, NJ

Registration limited. Closes 1/24/19 - Register Early!
